IMPORTANT: If you have a problem with this product, return it to the retailer where the product was purchased for exchange. If the retailer is unable to assist you for any reason, contact LeapFrog Consumer Services. If our service representative is unable to help you resolve the problem, you will be given instructions on how to replace the product and an authorization number. Returns must have a return authorization number (RMA) to be accepted at our warehouse. If you need replacement parts for this product, please contact LeapFrog Consumer Services.

Warranty Information
This LeapFrog® product is warranted only to the original purchaser for a period of three months from the original purchase date, under normal use and service, against defective workmanship and material. This warranty is void if the product has been damaged by accident or unreasonable use, immersion in water, neglect, abuse, battery leakage or improper installation, improper service, or other causes not arising out of defects in workmanship or materials of the product. All warranty claims are subject to: (1) LeapFrog being notified of the warranty claim within the warranty period, (2) LeapFrog verifying the existence of a defect in the product and (3) receipt of valid proof of your purchase date.

Before returning a product for any reason, please notify the LeapFrog Consumer Service Department. If the service representative is unable to solve the problem, you will be provided with instructions as to how to go about having the unit repaired or replaced if it is under warranty. Return of a product under warranty is governed by the following rules -- If LeapFrog believes that there may be a defect in materials or workmanship and LeapFrog confirms your purchase date, LeapFrog will provide you with prepaid shipping instructions for returning the product. Otherwise, you must return your product, shipping prepaid and with proof of purchase date, as instructed by a LeapFrog service representative.

In the event that a product under warranty is repaired or replaced, the replacement will be covered under the original warranty or for 30 days, whichever is longer. Repair or replacement is your exclusive remedy, and LeapFrog's exclusive liability, under this warranty. Replacement may consist of replacing the product with the same product or with a different product of the same value. LeapFrog shall not be liable for any incidental or consequential damages for the breach of any warranty on this product. Any implied warranty of merchantability or fitness for a particular purpose on this product is limited to the duration of this warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitation on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights, which vary from state to state and country to country.

Canada: In addition to the above-referenced warranty, the hardware component shall be free from defects in material and workmanship for 12 months. The above express warranty and any applicable implied warranties are limited in duration to the warranty periods described above. Some provinces do not allow limitations on how long an implied warranty lasts, or the exclusion of incidental or consequential damages, so the above limitations do not apply to you. You may also have other rights, which vary from province to province.

U.K.: In addition to the above-referenced warranty, this LeapFrog product shall be free from defects in material and workmanship for 12 months where the 3-month warranty period is not valid. The above express warranty and any applicable implied warranties are limited in duration to the warranty periods described above. You may also have other rights under U.K. law, which this warranty does not limit.

LEAPSTER™
LEARNING GAME SYSTEM

Number Raiders

Arcade-Style Learning!

Whoosh! Blast into the galaxy to destroy space rocks and collect precious gems. This fast-paced LEAPSTER arcade game reinforces essential early number and computation skills.

Getting Started: Insert the cartridge with the printed side facing front. Press the On/Off button to begin.

Sign In

1. Follow the on-screen instructions to sign in.
2. The LEAPSTER handheld will store the game information of up to 3 players. To remove a player, touch the X button on the screen.

Parent Guide & Instructions

This guide contains important information. Please keep it for future reference.

Many Ways to Play

One of the most effective ways to help your child learn and master skills is through engaging play experiences. Your child can play Number Raiders alone or with a friend. Two players compete by selecting their levels of play and then competing for the highest score.

To turn off the background music, touch the blue musical note on the handheld screen. Select "Music On" or "Music Off." This setting will return to "Music On" each time the LEAPSTER handheld is powered on.

Learning at All Levels

Number Raiders features three levels of play that help develop important early mathematical skills. Level 1 covers concepts appropriate for preschoolers (ages 4-5). Level 2 addresses skills explored in kindergarten (ages 5-6). Level 3 reinforces skills found in 1st grade (ages 6-7). Within each level, there is also an increase in challenge that helps to reinforce and expand children's knowledge about numbers.

Level 1: includes number identification, counting and number sequencing up to 10.

Level 2: includes number identification, number sequencing up to 100, and skip counting/counting on by 2s and 5s.

Level 3: includes one- and two-digit addition and subtraction facts without regrouping.

How a Tutorial Works

Tutorial support offers a strategy to help children break down a skill into smaller parts. A tutorial is activated when the player presses the Hint button or gets a number of incorrect answers. The narrator clearly explains key number concepts and offers players a correct response when appropriate to ensure a successful learning experience.

How to Play Number Raiders

Fire up your spaceship! Your mission is to blast away space rocks and collect precious space gems. First, players select a spaceship. Then it's time to solve mathematical problems by blasting away at correct answers on space rocks. Using the arrow pad, players move the spaceship left or right to zero in on a target and use the A button to fire shots. Press the B button to hear a problem repeated. Once the correct answer is hit, all the rocks in the first row turn to precious space gems. Quick! Gain more points by blasting down as many gems as possible before they disappear!

White gem.....	5 points	**Red gem**.....	4 points
Blue gem	3 points	**Green gem**.....	2 points
Orange gem	1 point	**Purple gem**.....	10 bonus points

The speed of the game increases as players correctly solve mathematical problems. Watch out for obstacles on your mission. Falling space debris can quickly damage your spaceship. Players only have three chances per game to win points. Put your mind to work and blast away!

What's Being Taught:

Numbers and Operations: Identifying, counting, and sequencing numerals, solving simple addition and subtraction problems.

Images in this Parent Guide represent gameplay only, and do not reflect actual screenshot pixelation.

Why Is This Important?

Building a solid numerical foundation impacts how children reason and solve mathematical problems in later years. A child's ability to count, identify, represent and sequence numbers advances his or her understanding of many more aspects of mathematics. Through varied experiences with numbers, children begin to understand number patterns and relationships between numbers. Gaining proficiency in number recognition and counting lays the groundwork to develop strong computation skills. Number Raiders offers a playful context to learn and practice basic addition and subtraction facts. Throughout the games children can think and work with numbers with increasing speed and confidence. Mental mathematics is important and fun!
